

Disability Accommodations

- USCIS accommodates applicants with disabilities by making modifications to the naturalization process.
- Accommodations do not exempt applicants from meeting the English, civics, and/or oath requirements, but modify the manner in which applicants meet them.
- Common examples of accommodations include, but are not limited to:
 - A sign language interpreter, captioning, or an assistive listening device for applicants who are deaf or hard of hearing;
 - Braille or large print materials for applicants who are blind or have low vision;
 - Off-site appointments for applicants who are unable to travel.
- To request accommodations, go to uscis.gov/accommodations to make a request online or call the USCIS Contact Center at 800-375-5283 (TTY 800-767-1833).
 - Accommodations must be requested each time applicants need them for each appointment (e.g., biometrics, interview, and naturalization ceremony).
 - Accommodations should be requested immediately when applicants receive their appointment notices, but not before.
 - Accommodations must be requested each time they are needed even if applicants have already requested them in Part 3, Question 1 of the N-400.
- Applicants who cannot be accommodated and/or cannot meet the requirements even with accommodations must submit Form N-648 and request an oath waiver if necessary.
