

N-648 Disability Waiver

Is the applicant requesting a waiver of the English language and U.S. history and civics requirements because of a disability or impairment?

- If yes, the applicant's doctor must fill out Form N-648. If the applicant already has a completed N-648, ask the applicant (or helper) to fax us a copy so the legal team can review. If not, fax the N-648 packet to the doctor (or applicant).
- Continue with full screening (directly with the applicant, if possible), but **DO NOT SCHEDULE** until Legal has approved the N-648.

Always get the following information:

- Doctor's name, phone number, and fax number
- Helper/alternate contact information
- Who will attend the Project Citizenship appointment to interpret?
