About Project Citizenship

Project Citizenship is a nonprofit that provides free, high quality legal services to permanent residents to help them become U.S citizens. Project Citizenship offers free workshops, eligibility screening, application assistance, legal referrals and all materials needed to apply for U.S. citizenship. In addition, Project Citizenship works collaboratively with community-based partners in Massachusetts to provide a range of support services, including civics instruction, application assistance, and ESOL classes.

Mission

Project Citizenship seeks to increase the naturalization rate in New England, with a focus on the most vulnerable and disadvantaged populations.

Dear Project Citizenship Community,

Project Citizenship thrived in 2022! After more than a year of pandemic restrictions, we returned to in-person citizenship workshops, starting with our annual signature event, *Citizenship Day in Boston*. This annual mega-workshop, co-sponsored by the Boston Mayor's Office for Immigrant Advancement, is a manifest civic engagement on display. Hundreds of pre-screened clients work one-on-one with hundreds of pre-trained volunteers and *pro bono* attorneys who assist them to complete the 20-page complex application. Volunteers capture our clients' immigrant stories, which are diverse, fascinating, harrowing, and inspiring. They illustrate the energy, resourcefulness, hard work, and aspirations our new citizens-to-be bring to our community.

The success of *Citizenship Day in Boston* is serving as a blueprint for other municipalities. In 2022, we held Citizenship Days in Brockton, Lowell, and Somerville. In 2023 we plan to triple such events across the Commonwealth.

We continue to also offer virtual workshops, a model that we developed during the pandemic. Virtual workshops provide flexibility to immigrants who, for one reason or another, cannot attend our in-person events.

In 2022, our partnerships with synergistic organizations grew exponentially. For us, serving any community is based on local and regional partnerships. We also initiated a collaboration with three other long-standing, venerable immigrant organizations: MIRA, IINE, and RIAN. Together, we sponsored a Naturalization Ceremony at the State House to commemorate Constitution Day in September. We will continue to explore other projects that will benefit all immigrants.

What made our success in 2022 possible? It is our expert and dedicated staff, an involved Board, loyal volunteers, and generous donors. As you peruse through this Impact Report, please consider joining this important work! You will be warmly welcomed as a volunteer, a donor, a messenger to those who need our services, and a believer with us in the transformative power of citizenship.

Project Citizenship Staff

In 2022, our small, deeply committed team consisted of just seven full-time staff, seven part-time staff, and five NAIP AmeriCorps members supporting hopeful citizens-to-be on their path to citizenship. By utilizing volunteers and interns we're able to keep our staff size conservative while producing quality results.

AmeriCorps Members & FELLOWS

At Project Citizenship, we are proud to partner with AmeriCorps each year. This partnership enables us to reach more hopeful citizens and provide essential services to eligible citizens-to-be. Our tiny staff relies heavily on the work of AmeriCorps members to serve immigrant communities. In 2022, we had five service members from The New American Integration Program; a program that recognizes that immigrants are among the Commonwealth's greatest assets and have a right to feel at home without barriers to their success.

Additionally, in 2022 we gained Access to Justice Fellow **Michael Lacek**. The Access to Justice Fellows Program is a project of the Massachusetts Access to Justice Commission and the Lawyers Clearinghouse.

2022 - 2023 Board of Directors

We are incredibly grateful for the voluntary service of our Board of Directors and Advisors & Ambassadors Board members. Throughout their tenure, they provide us with thoughtful and invaluable support, donations, oversight, and advice. Thank you all, we could not do this without your dedication and support of our programs and services.

ADVANCEMENT**

In 2022, we held our 9th annual Boston Citizenship Day in collaboration with the city of Boston's Mayor's Office for Immigrant Advancement (MOIA). Since 2014, over 3,200 immigrants have completed applications and began their journey at Boston Citizenship Day. Over 1,600 fee waivers have been completed, eliminating cost as a barrier for low-income applicants at these events. We have kept the tradition alive of Boston Citizenship Day thanks to our amazing volunteer attorneys, law students, and community members.

Stories From Our Citizens:

VOICES OF 2022

"Gosh, my story starts a long, long time ago...Especially with me being a mom of four children...it was a long emotional journey for me - just trying to make a better life for myself and my children," Teneisha reflects on her journey, including the ways in which folks took advantage of her status before citizenship or being a single mom. Her journey was not without many trials.

"I thought that everything was gonna be easy. You see things on TV and you hear things like *oh everything is better in America*." Teneisha learned quickly that immigrating was not going to be the way she dreamed of. The American Dream is even harder for immigrants because of the numerous barriers immigrants go through: the waiting, being told no, and the struggle of adjusting.

Though there were many obstacles, it made it that much better for Teneisha when she finally got her citizenship and the opportunity to vote. "I've wanted to vote for so long, and I couldn't. I was always like cheering my friends on like you guys have this opportunity, you guys are allowed to do this... Why would you not want to take that opportunity to have your voice heard?"

Meet Teneisha

Meet Saran

Education is critical to Saran, who immigrated from India in 2008 to study at New Mexico State University. Alone in a foreign country and away from family for the first time, Saran had a challenging time to learning to fit into a new culture. "I had to learn to live in the USA including learning about eating habits, lifestyle changes, and many new things that I never had an opportunity to learn."

It wasn't always easy for Saran to fit in. As an immigrant, He had a hard time feeling understood and it was a challenge to be accepted sometimes. Still, he persevered in his path toward his educational and career-oriented milestones. He ultimately received his graduate degree and became an instructor himself.

Saran is glad for what he has been able to accomplish by immigrating, "I was able to achieve higher education that has opened multiple opportunities for me to use my skills towards helping other individuals."

Meet Our Citizens: VOICES OF 2022

Michael moved to the U.S. from Jamaica to work and create his own American Dream. He's a jack of all trades. He shares, "I've been in so many fields; I've done so many jobs. I'm capable of everything, I'm good at whatever I do or put my mind to." He made the journey to the U.S. alone, leaving behind parents, siblings, and other family members. "I am the only immediate [family member] that's in America," he says.

Michael shares his outlook on immigrants in the U.S., stating, "We're only here to build up an environment. We're here to be a team, not to try to take anything away, we're not here to try to deprive you from anything." He continues, "We want the support in the sense of- just treat us like we're one, out of many one people."

When asked about the best thing he got from citizenship, he responds, "My biggest accomplishment for migrating is getting my son to come here at his age, get a better life opportunity than I had." Michael shares the hope that he sees in his son, "He can make this a better place... he's my biggest accomplishment."

Successes From Our Legal Team

Our legal team, comprised of three attorneys, is a crucial contributor to the success of our mission. In addition to overseeing the legal aspects of the citizenship application process, our legal team submits comments on issues of national importance related to citizenship, provides trainings and presentations, receives legal referrals, and provides advice on cases to other providers.

ADVOCACY

Commented on the Form N-400, Application for Naturalization, to USCIS

Authored declaration in support of federal litigation on behalf of seven of our clients experiencing extreme naturalization delays

Submitted a Freedom of Information Act request for Form N-648 approval and denial rates from USCIS

Thanks to our legal team's advocacy, one of our clients was featured in the Wall Street Journal in January 2022!

Security Update Efforts & WISP POLICY

Last year we made progress in formalizing a WISP policy for Project Citizenship. These efforts are in recognition of the importance of keeping our clients' sensitive information safe.

What is a WISP policy?

WISP stands for *Written Information Security Program*. It documents a set of organizational security control, procedures, and policies to protect confidential data.
