PROJECT CITIZENSHIP IMPACT REPORT

LETTER FROM THE EXECUTIVE DIRECTOR & BOARD CHAIR

As Project Citizenship begins its second decade, it's with pride that we share this Impact Report highlighting our accomplishments during 2024. At a time when the pathway to citizenship is becoming increasingly difficult, we look back with gratitude on what we were able to achieve with the support of our loyal volunteers, partners, sponsors, and donors.

Over the course of 2024, Project Citizenship assisted more than 1,000 clients in filing citizenship applications and provided guidance to thousands of others regarding their eligibility. Though we serve everyone, we focus on the most vulnerable and disadvantaged populations: in 2024, low-income clients represented more than 75% of cases, and those with disabilities 15%. Boston Citizenship Day, our largest citizenship workshop and a highlight each year, once again was a tremendous success. More than 350 pre-screened clients worked 1:1 with more than 200 volunteers and pro bono attorneys to complete the citizenship application. Clients represented 60 countries of origin and ranged in age from 18 to 90 years old. Especially gratifying was that more than half of clients had heard about the event from friends and family members, highlighting the strong trust we've built within immigrant communities.

We also held smaller citizenship workshops throughout the year in Boston, Brockton, Cambridge, Lawrence, Lowell, and Quincy, drawing on our partnerships with the region's most prestigious law firms and with community organizations whose deep ties in immigrant-rich communities ensure we reached those most in need of our services.

Our success in 2024 was only possible with the support of our dedicated staff, devoted community partners, loyal volunteers and Board, and generous donors. As immigrant rights increasingly come under threat in the coming months and years, including for lawful permanent residents who live, work, and pay taxes in the United States, Project Citizenship will not waver from its mission, and we will not give in to those who would close our country to lawful permanent residents seeking a better life for themselves and their families.

Thank you for standing with Project Citizenship and immigrants across MA. After reading this Impact Report, we hope you will join us in advancing this important work.

MISSION/VALUES

Project Citizenship seeks to increase the naturalization rate in New England, with a focus on the most vulnerable and disadvantaged populations.

EXCELLENCE

We are dedicated to providing free, timely, high-quality legal services. We are responsive and efficient in helping immigrants to navigate the citizenship process, and constantly seek to improve our practices.

INCLUSION

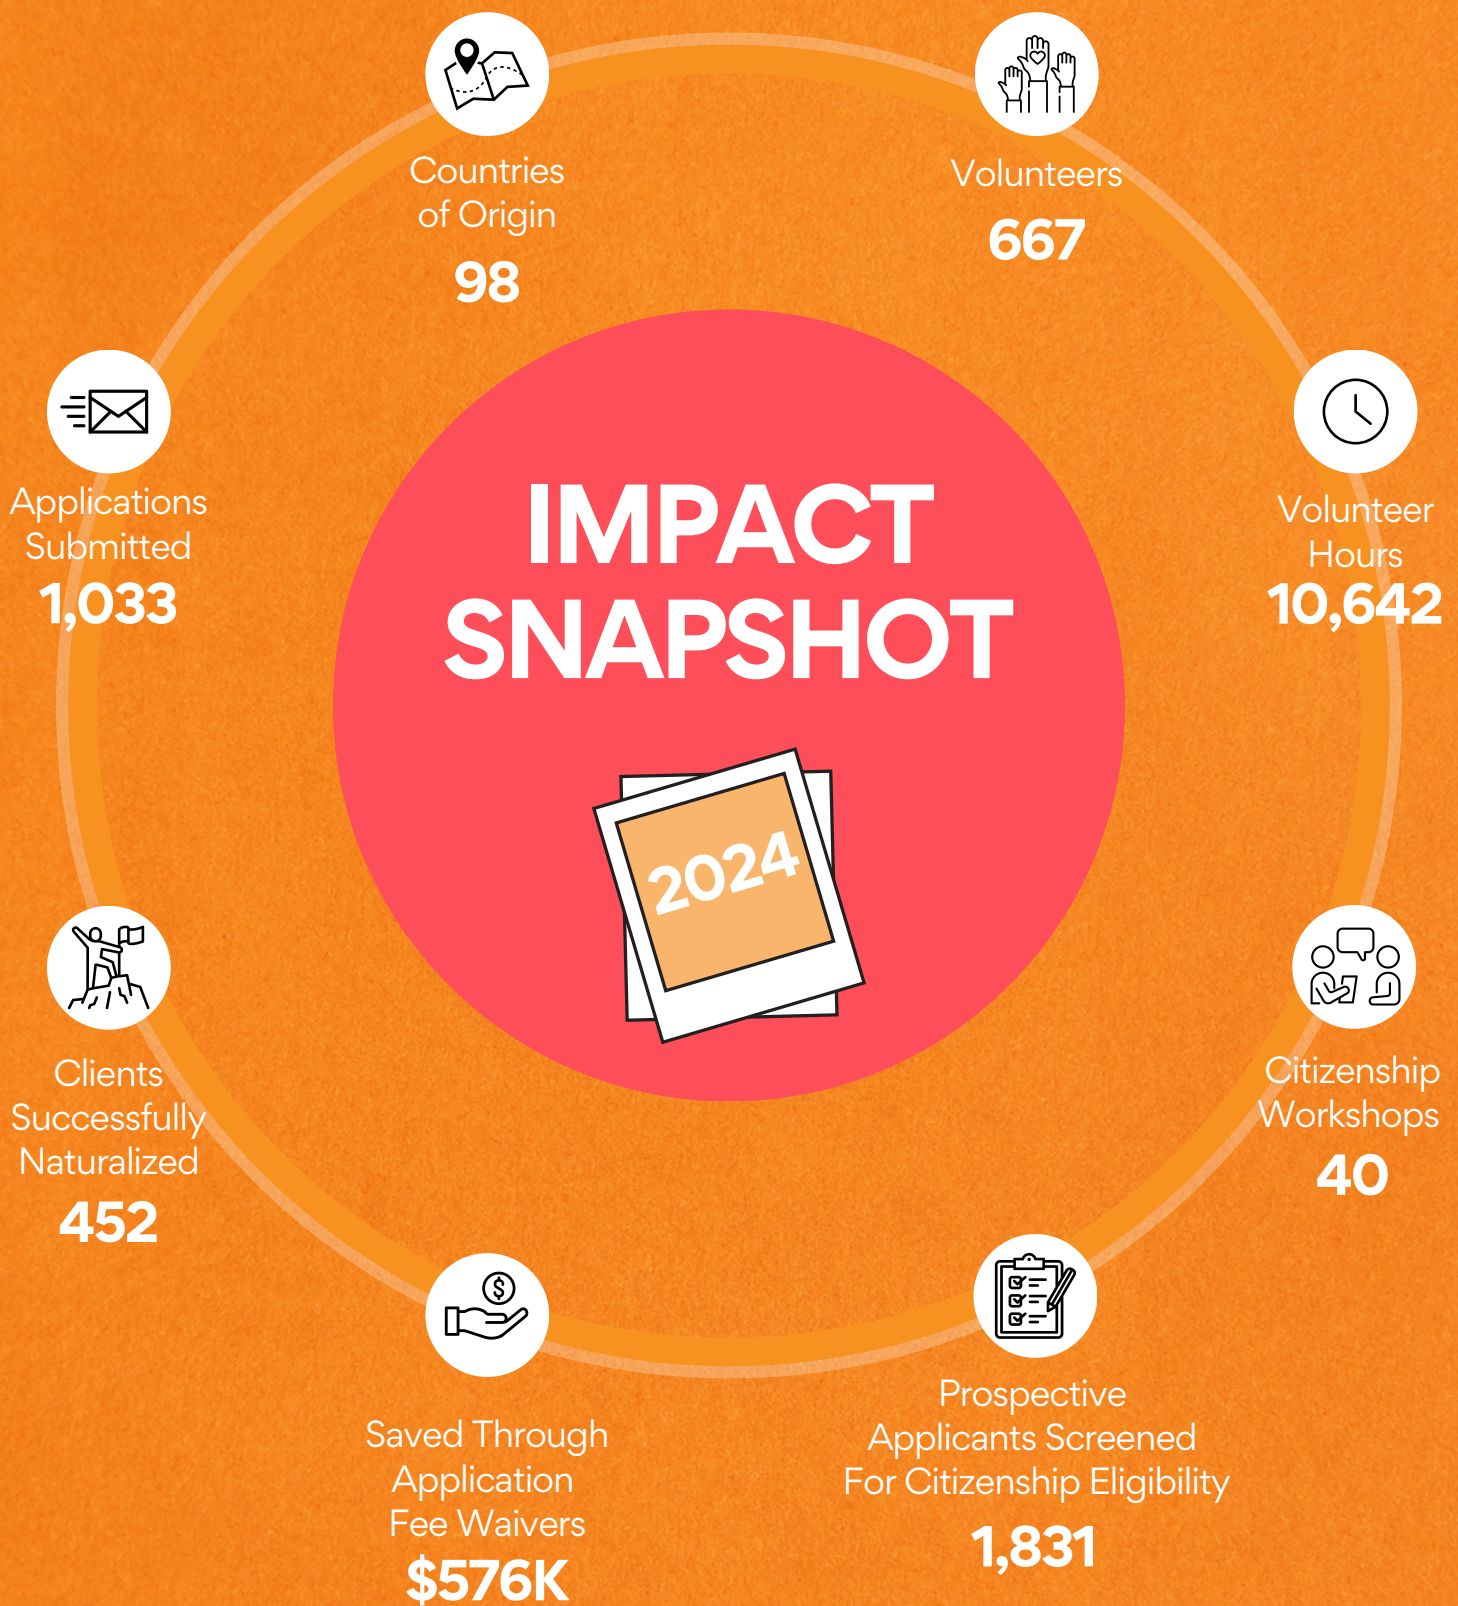

We treat clients of diverse backgrounds with compassion and respect. We prioritize our client's best interests every step of the way.

DEMOCRACY

Project Citizenship promotes citizenship so that all naturalized citizens can participate in democracy and be civically engaged.

COLLABORATION

We engage community-based organizations, partners, and pro bono legal services to make Project Citizenship a community-driven, cost-effective model that is able to serve a vast number of immigrants.

Project Citizenship is a nonprofit that provides free, high quality legal services to permanent residents to help them become U.S citizens. Project Citizenship offers eligibility screenings, free workshops, application assistance, legal referrals and all materials needed to apply for U.S. citizenship.

COMMUNITY PARTNERS & COLLABORATORS

Numerous organizations play pivotal roles in achieving our mission through their distinctive contributions. These partners enhance our services, facilitate event planning, gather powerful narratives, and share valuable community resources. We appreciate these collaborators and proudly recognize their invaluable support!

CITIZENSHIP DAY

Citizenship Day in Boston is our largest annual event where eligible immigrants receive assistance on their citizenship application. Since launching Boston Citizenship Day in 2014, more than 3,375 individuals have started on their citizenship journey through this event and we have completed over 1,450 fee waivers, providing financial support for low-income applicants. On average, we serve applicants from over 50 countries in the single day event. Thanks to the help of volunteer attorneys, law students, government partners, and community members we have been able to keep this tradition.

VOLUNTEER IMPACT

Project Citizenship annually enlists and trains 600+ volunteers who engage in one-on-one sessions with clients, guiding them through the 14-page citizenship application.

Pro bono attorneys meticulously review each application to ensure accuracy and compliance. Our team then does a final review before submitting the application as the attorney of record. This structured oversight allows our organization to amplify our capacity to serve more clients with a lean staff while maintaining the integrity of the submission process.

Volunteers are the backbone of our organization, providing essential support up until the final review stage, which is conducted by Project Citizenship's legal team.
